

wattyl®

exterior

Solagard®

coastal

If you like the Hamptons style, stick to light, warm neutrals. For more of a coastal feel, pair whites with pops of blue or green inspired by the sea.

colour tip

Use a contrast or accent colour to highlight architectural details.

Anush LRV 72.46
Moccacino LRV 44
Colorbond® Woodland Grey® LRV 12

Traditional houses can keep their classic appeal with a neutral colour scheme, which has longevity and street appeal.

colour tip

Tonal schemes which use different shades of a similar colour create a harmonious feel.

*HERITAGE COLOURS

The Light Reflectance Value (LRV) of a colour indicates the amount of light and heat the colour will reflect. Black has an LRV of 0% and absorbs all light and heat, and surfaces may become hot causing thermal movement. White has an LRV of 100% and reflects all light and helps keep buildings cool. All colours lie in between.

TOTAL PROTECTION TECHNOLOGY™

UV BLOCKOUT

Blocks out harmful UV rays preventing them from penetrating and damaging the surface.

LASTING FLEXIBILITY

Long term flexibility ensures the paint stretches and flexes with extreme climatic conditions, protecting against cracking, peeling and blistering.

RESISTS CHALKING & FADING

100% acrylic formula, with high performance polymers and durable pigments, provides resistance against chalking and colour fade in the extremes of sun and weather.

APPLY IN TEMPS AS LOW AS 5°C

Solagard can be applied at temperatures as low as 5°C.

Do not apply if dew or rainfall is likely during drying or when humidity is very high.

INHIBITS MOULD AND MILDEW

Contains powerful anti-mould ingredients to protect the surface, resisting the growth of mould and fungus.

SELF-PRIMING

No primer needed on timber, cement render, brick, fibre cement, masonry, Zinalume® and galvanised iron sheet for faster and simpler painting.

Realise your colour potential in 3 easy steps

INSPIRATION

Gather inspiration from our colour palettes, in-store Wattyl colour walls or online at wattyl.com.au/colour

EDIT AND TEST

Now it's time to narrow selections and test. Get Wattyl Colour Swatches and Test Pots to test your colour from your local Wattyl retailer or online at wattyl.com.au/colour

SELECT

Ready to go. Find the right product for the job and head to wattyl.com.au/Solagard-selector Use our paint calculator to help you determine how much paint you need.

Don't worry, it's wattyl®

Total Protection Technology

Wattyl Solagard with Total Protection Technology™ protects your home against Australia's harsh weather extremes. With UV blockout and long term flexibility, Solagard resists cracking and peeling.
